

Make the World Your Studio

With the new mobile Cintiq Companion

A new era has begun: professional creative power meets unlimited mobility! Enjoy the natural experience of creating directly on-screen with Wacom's professional pen and multi-touch gestures combined with the creative freedom of a Windows 8 tablet in a truly mobile Cintiq.

Work wherever you want

Choose the best environment for the task at hand and work wherever you want with the full power and performance of your professional creative companion at your side. After all, Cintiq Companion is both your computer and your Cintiq, so it's got everything you need for your creative profession and suits your lifestyle.

Powerful Cintiq performance on the go

Leave your studio behind and create literally anywhere without compromises. Cintiq Companion offers everything you'd expect from a professional Wacom Cintiq Creative Display. The Wacom Pro Pen performs like a traditional brush or marker, and combines with multi-touch control for an intuitive, natural creative experience.

Optimized to work your way

Work with increased speed and ease thanks to Cintiq Companion's customizable functions with all of your favorite creative applications from companies such as Adobe, Autodesk, Corel, as well as any other software on the market.

Stay connected

Enjoy the freedom to create anywhere without ever being out of touch. Your Cintiq Companion comes complete with everything you'd expect from a tablet computer. It gives you complete access to e-mail and social media and lets you share and collaborate wherever you are.

Your choice: professional creative power and mobility

You can choose between the 256 GB SSD version with Windows 8 and the 512 GB SSD version with Windows 8 Pro. Both models feature a 3rd generation Intel® Core™ i7 processor, Intel HD Graphics 4000, solid state drives and 8 GB of DDR memory providing the power that most creative professionals demand.
