

PL-2200

The interactive pen display by Wacom.

Enrich your style of presenting.

New opportunities for efficient knowledge transfer.
The Wacom PL-2200 interactive pen display.

Because today's audiences are accustomed to a different, more interactive kind of media usage and consumption, Wacom has developed a contemporary, efficient presentation tool that helps to simplify any kind of knowledge transfer, whether in business or education: the PL -2200 interactive pen display.

- **Enriches presentation methods**

The PL-2200 allows comments to be written by pen directly on the screen which makes your presentation more lively.

- **Enhanced precision in full HD**

PL-2200 is the first in the PL-range to include a widescreen display and full HD resolution. With its 21.6" screen, it offers a large working area and provides clearer precision for both the annotator and the audience.

- **Optimises interaction with the audience**

The PL-2200 promotes a motivating and fruitful face-to-face working atmosphere between presenter and listeners.

- **Advanced presentation ergonomics**

Enjoy perfect hand-eye coordination and ergonomic posture.
