Do not expose this product to water or other liquids. Take care to never spill liquids onto the tablet or pen (when equipped). Exposing this product to water or other liquids may cause product malfunction or electrical shock. If the product is exposed to water or other liquids, unplug the USB connector. If your product is equipped with a power cord, unplug the cord from the wall outlet. Power down your computer. Then disconnect any other cables that may remain between the tablet and your computer. Stop using the product and contact your local distributor or the Wacom customer support center for your region.
